ARK: Survival Evolved 2

Image: Studio Wildcard

Release date: Expected by end of 2024

Platforms: Windows PC and Xbox Series X

Survival game Ark 2 will expand Studio Wildcard's Ark universe, which introduced players to a desert island packed with dinosaurs in 2015, during its 2024 early access period. Fans found 2023's glitchy remaster Ark: Survival Ascended disappointing, so they're hoping Ark 2 lives up to expectations.

BUNDLE TALE: A LEAGUE OF LEGENDS STORY

Release date: TBD

Platforms: Windows PC and Nintendo Switch

League of Legends fans will be glad to know that the mystical knotted woods of Bandle City are getting their very own cozy spinoff game. The richly colored role-playing game features characters, huts, and trees as pudgy and delectable-looking as chocolate in a fancy box, and it'll appropriately feature "farm-to-table" cooking.

Blight Survival

Image: Haenir Studio

Release date: Expected by end of 2024

Platforms: Windows PC

Blight: Survival offers a thrilling 4-player co-op experience set in an alternate 14th century, where players must navigate the unforgiving no man's land between two desperate states in a ceaseless war. Fight alongside up to three friends, battling both men and monsters in a violent co-op action-horror roguelite that challenges your survival skills and teamwork.
